

ANNOUNCEMENTS

Software-driven storage innovation

PowerStore

Intelligent storage that adapts to any future

PowerMax

World's most secure mission-critical storage*

PowerFlex

Unbounded software-defined infrastructure

Project Alpine

Storage software in public cloud

over **\$7.6B**
investments in R&D

>26,000
patents

Delivered a new or
updated product
everyday
including weekends & holidays

>85%
software engineers
on ISG
engineering staff

*Based on Dell internal analysis for cybersecurity capabilities of Dell PowerMax versus cybersecurity capabilities of competitive mainstream arrays supporting open systems and mainframe storage, March 2022

PowerStore

Intelligent storage that adapts to any future

**Stay
continuously
modern**

**Innovate
without limits**

**Boost
workload
performance**

Next gen platform

- Next-gen controllers
- NVMe expansion
- 100GbE network support

New software-driven innovations...

- ✓ Native replication for any workload
- ✓ Native metro sync
- ✓ End-to-end VMware visibility
- ✓ Deeper cybersecurity
- ✓ 50% faster, 60% more capacity

PowerMax

World's most secure mission-critical storage*

Next gen software architecture

- Multi-node scale out
- Massive scale and efficiency
- Up to 2x faster performance

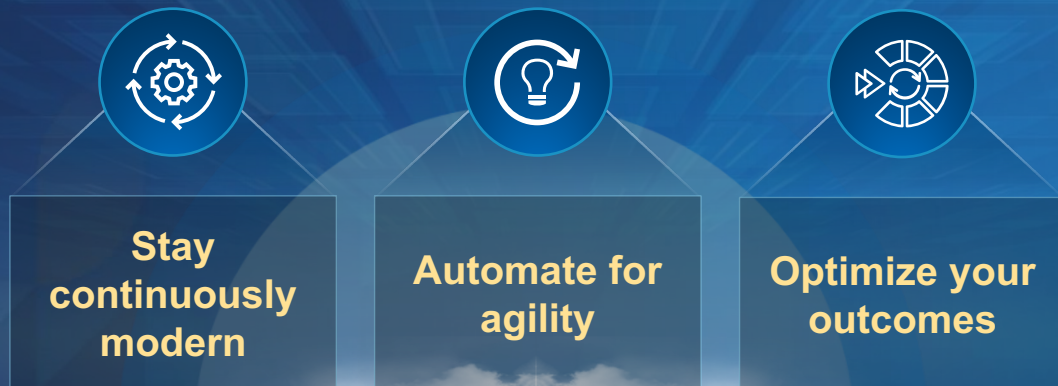

New software-driven innovations...

- ✓ Designed for Zero Trust
- ✓ Higher data reduction guarantees
- ✓ Multi-array smart provisioning
- ✓ File workload consolidation
- ✓ Data-in-place upgrades

*Based on Dell internal analysis for cybersecurity capabilities of Dell PowerMax versus cybersecurity capabilities of competitive mainstream arrays supporting open systems and mainframe storage, March 2022

PowerFlex

Unbounded software-defined infrastructure

Next gen software

- New File services
- Next-gen NVMe/TCP connectivity
- Unified infrastructure management

New software-driven innovations...

- ✓ Extreme consolidation now including file
- ✓ Simplify deployments w/ NVMe/TCP
- ✓ Streamline operations and LCM
- ✓ Broadest support for hyperscaler & K8s platforms
- ✓ Trusted cyber resilience
